DRAFT MINUTES

Of the Llanddowror Flood Warden's Meeting  
held at  
Llanddowror Community Meeting Room, Llanddowror  
Thursday 8 May 2014 at 7 pm

FP1.14      Updating of the Flood Action Plan

Wardens scrutinised the Flood Action Plan and made amendments where necessary in order to update the Plan to take into account changing circumstances. Co-ordinator to carry out amendments and email or deliver revised Flood Action Plan to residents and agencies.

FP2.14      Updating of the Warden's Flood Plan

Wardens scrutinised the Warden's Flood Plan and made amendments where appropriate. Co-ordinator to update the Warden's Plan and distribute to Wardens along with the Minutes of this meeting.

FP3.14      Individual Property Protection

It was reported that there had been issues with the existing Individual Property Protection. A letter was written to Floodgate Ltd giving some background information on flooding in Llanddowror and enquiring as to whether any modifications to the products were planned to make them lighter and more user friendly. A reply to this letter suggested a meeting with Flood Wardens and this took place on 3 April 2014. The outcome of this meeting was that there were no modifications envisaged in the foreseeable future but advice was given by the Company on erecting the floodgate/barrier and its proper maintenance after a flood occurrence. Notes of the meeting with the Floodgate Representative were discussed.
